

Brian Kuper

AIA
DESIGN PRINCIPAL

Joining GFF in 1993, and a Principal in the firm since 2007, Mr. Kuper has practiced architecture for over 30 years. As Design Principal, Brian oversees design work firm-wide and has made it his goal to involve all team members in the design process at GFF, resulting in work that achieves a positive effect on the pedestrian, neighborhood and city. He is responsible for ensuring the firm's design capabilities and reputation are continually being assessed and advanced while also being focused on our client's objectives to create compelling design solutions. He manages Design Awards submissions to both Dallas AIA and TxA, and led the completion of GFF 40th Anniversary Monograph in 2022.

Brian has earned many honors, both at GFF and other firms. His awards while with GFF include a City of Richardson Community Revitalization Award, D/AIA Citation Awards, TSA Design Competition Merit Awards, and the Ken Roberts Delineation Competition awards.
